

```
glm::detail::compute  
_matrixCompMult_type  
< C, R, T, Q, false, Aligned  
>::call
```

The diagram consists of two rectangular boxes. The left box is white with a black border and contains C++ code for a function specialization. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains C++ code for a function object. A blue curved arrow points from the top of the gray box back to itself, indicating a recursive call.

```
glm::detail::compute  
_matrixCompMult_type::call
```
