

glm::catmullRom

glm::hermite

glm::pow3

```
graph LR; A[glm::catmullRom] --> C[glm::pow3]; B[glm::hermite] --> C;
```

The diagram illustrates a dependency or relationship between three functions from the glm library. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'glm::catmullRom' and the bottom box contains 'glm::hermite'. On the right, there is a single gray rectangular box containing the text 'glm::pow3'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'glm::catmullRom' and 'glm::hermite' utilize or depend on the 'glm::pow3' function.
