

Core features

```
graph RL; A["Matrix types with precision qualifiers"] --> B["Core features"]
```

A diagram consisting of two rectangular boxes. The box on the left is white with a black border and contains the text "Core features". The box on the right is gray with a black border and contains the text "Matrix types with precision qualifiers" on two lines. A black arrow points from the right side of the gray box to the left side of the white box.

Matrix types with precision  
qualifiers
