

`glm::mix`

```
graph LR; A[glm::mix] --> B[glm::matrixCompMult]
```

A diagram showing a call to `glm::matrixCompMult` from `glm::mix`. On the left, a gray rectangular box contains the text `glm::mix`. A blue arrow points from the right side of this box to the right side of a white rectangular box on the right. This white box contains the text `glm::matrixCompMult`. Both boxes have a thin black border.
