The diagram illustrates a file dependency structure. At the top is a grey box representing a header file: C:/Users/s239074/Documents/ogl\_renderer/ogl\_renderer/engine/Context.h. Below it are two white boxes representing source files. The left box is C:/Users/s239074/Documents/ogl\_renderer/ogl\_renderer/engine/Context.cpp, and the right box is C:/Users/s239074/Documents/ogl\_renderer/ogl\_renderer/main.cpp. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header file.
