

`glm::unpackHalf1x16`

```
graph LR; A[glm::unpackHalf1x16] --> B[glm::detail::toFloat32]; B --> C[glm::e];
```

The diagram illustrates a sequence of three operations in a horizontal flow. The first operation, `glm::unpackHalf1x16`, is contained within a gray rectangular box. A blue arrow points from this box to the second operation, `glm::detail::toFloat32`, which is in a white box with a black border. Another blue arrow points from the second box to the third operation, `glm::e`, also in a white box with a black border.

`glm::detail::toFloat32`

`glm::e`
