

`glm::elasticEaseOut`

```
graph LR; A[glm::elasticEaseOut] --> B[glm::pow]; B --> B;
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text `glm::elasticEaseOut`. A straight blue arrow points from this box to a white rectangular box on the right containing the text `glm::pow`. Above the `glm::pow` box, a curved blue arrow starts and ends at the same box, indicating a self-call or a recursive operation.

`glm::pow`
