

glm::lerp

glm::mix

glm::detail::compute  
\_mix::call

```
graph LR; A[glm::lerp] --> B[glm::mix]; B --> C[glm::detail::compute_mix::call];
```

The diagram illustrates a three-step call sequence. It begins with a grey box labeled 'glm::lerp'. A blue arrow points from this box to a white box labeled 'glm::mix'. Another blue arrow points from the 'glm::mix' box to a larger white box labeled 'glm::detail::compute\_mix::call'.
