

Core features

Vector types with precision  
qualifiers

```
graph LR; A[Vector types with precision qualifiers] --> B[Core features]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'Core features'. The box on the right is gray with a black border and contains the text 'Vector types with precision qualifiers' on two lines. A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or flow from the gray box to the white box.
